

Capital Investment Companies Announces Staff Expansion

Seven New Financial Advisors To Cover Needs Across the Carolinas

RALEIGH, N.C. (March 31, 2008) – Capital Investment Companies, one of the largest independent financial services and brokerage firms in the Southeast, is expanding their capabilities to meet the growing demand for financial services in the region. Capital Investment Companies has added seven new independent registered reps in offices across the Carolinas. This growth will allow Capital Investment Companies to better serve their clientele and continue to provide attentive personal support and expertise throughout the region.

Capital Investment Companies has experienced significant growth in the last two years, including the creation of a community foundation, new bank partnerships across the Southeast, and alliances with other major financial services firms. In 2007, Capital Investment Companies received recognition for their growth and innovative measures in *Broker Dealer Journal*. Capital Advisers Inc, an independent Registered Investment Advisor, was named fastest growing registered investment advisor (RIA) firm in North Carolina by *Financial Advisor* magazine.

“We’re seeing a return to traditional values and that’s bringing about the growth at Capital,” said Richard K. Bryant, president of Capital Investment Companies. “Brokers want to work at a firm that supports their needs and provides them the creative space to grow their careers and investors want the one-on-one service that used to be the standard. Capital provides that to our reps and our investors and we believe even more will ‘Come home to Capital’ as we say.”
